

# What if **Wal-Mart** treated your Mom this way?

## Discrimination:

**FACT:** Over 2 million women are suing Wal-Mart for discrimination.

**FACT:** It is the largest gender discrimination lawsuit in U.S. history.

## Poor Health Care:

**FACT:** 53% of Wal-Mart's employees have no company health care.

**FACT:** 46% of the children of Wal-Mart employees are either uninsured or on public health care assistance.

## Anti-Family policies:

**FACT:** The average full-time Wal-Mart employee is paid so little that they make less than the poverty line for a family of four.

**FACT:** Wal-Mart is so anti-family that they even punish mothers who need to take a day off to care for a sick child.

This Mother's Day, tell Wal-Mart it's time to put Moms and Families First.

Sign the  
"Love Mom, Not Wal-Mart" Pledge

I, \_\_\_\_\_, pledge not to buy a Mother's Day gift from Wal-Mart unless Wal-Mart promises to pay a living wage, provide affordable health care, and end its anti-family policies that hurt all women, especially Moms, who work at Wal-Mart.

This year, until Wal-Mart changes for the better, I promise to 'Love Mom, Not Wal-Mart.'
